

Vashon-Maury Island LAND TRUST

Annual Report 2011

Dear Land Trust Members and Friends:

March 2012

As an ecologist, I am fascinated by the mystery of this island – how it changes through time, sustains life (including our own), and how we can play a part in encouraging its health. As a child of these shores, I am in love with this place. I returned because I want to care for and grow with this particular human and natural community more than any other. The Land Trust, as well, embodies a long-term commitment to Vashon, centered around the idea that what we have here is precious, that it deserves to be protected, and that with proper care it can be improved.

As Vashon's trees have grown, the Land Trust has been maturing too. We are moving beyond a stewardship strategy of benign neglect. We are starting to engage in more persistent inquiry into the nature of our island and are taking active care of our natural gems and special places.

The Land Trust is leading Vashon toward a healthier future for our forests, streams, fields, beaches, and our human community. It was a pleasure and honor to be Board President and I greatly appreciate your continuing support and confidence in the Land Trust.

Thank You,

Bianca Perla, Board President, 2011
